

### LTRG-80 Automatic Tube Filling and Sealing Machine

#### Introduction

PLC controller and color touch screen are applied and made it possible for programmable control of the machine. It can perform the filling for ointment, cream jellies or viscosity material, sealing or tail folding, batch number embossing (include manufacture date) automatically.

It's ideal equipment for Aluminum tube, plastic tube and laminated tube filling and sealing for cosmetic, pharmacy, foodstuff and bond industries.

#### Data

Operating Speed	80/min(max)
Filling Volume	5-350ml
Filling Accuracy	<±1%
Suitable Hose Length	50-210mm
Suitable Hose Diameter	φ 10-60mm

# About US

LeadTop Pharmaceutical Machinery China, well known as LTPM CHINA.

We are offering solutions on pharmaceutical machinery and clean room project. Main products include Pharmaceutical Water Solution, Solid Dosage Solution, Liquid Dosage Solution, Secondary Packaging Solution, Clean Room equipments and materials. All of the products have passed CE Certification and SGS Certification. Our machinery manufacturing bases all have been in this field for more than 15 years which can give our clients more reliable products.

Professional, Service, Genuineness, Enthusiasm are our value. LTPM CHINA exports pharmaceutical machinery to more than 30 countries which includes European country and Americans. Through serving different pharmaceutical companies in different country, we believe in success would affect success. Our company mission is creating a professional platform for the industry and achieving individual value.

LTPM CHINA, Your best pharmaceutical production solution!
